Subject: RE: Wilcox Oil Company RI/FS SAP Approach Presentation
Date: Friday, May 13, 2016 9:51:20 AM

Good morning all: Please have your copies of the SAP available, if possible, as some of the figures/tables we may want to look at may not be well visible on your screen from our presentation.

A brief message to let you know what we'd like to accomplish with the conference call today.

1. Present the technical approach for Mobilization Event 1 of the RI 10:00 – 10:30 am Central Time
2. Have a group discussion of the approach; answering questions from participants: 10:30 – 10:55 am Central Time
3. If appropriate at this time, discuss timeline for receipt of comments and the format in which the responses should be provided: 10:55 – 11:00 am Central Time

We plan on wrapping up the conference call at 11:00 am Central Time. Best regards,

Cristina Radu

You may want to have the Sampling and Analysis Plan available for this call – we will be bringing up on the screen the CSM diagrams and select figures and tables from this document for discussion, but hard copies in larger format may be easier to read than the image on the computer screen.

The duration for the call is anticipated to be one hour, but we reserved the meeting for an extra 30 minutes in case more time will be needed.

With best regards,

Cristina Radu
